XENUM, a globally recognized name in high-performance automotive solutions

XENUM, specializes in high technology lubricants range, additive range, vehicle maintenance range and maintenance equipment for advance treatment solutions to New generation vehicles

Designed for Workshop Professionals, Fleet accounts and Motorsport enthusiasts, XENUM products deliver exceptional performance and durability

Reinvented for Superior Performance

With a fresh new look, DANILO re-introduces its advanced lubricant range under joint venture with Xenum

The new DANILO range, inspired by XENUM'S commitment to innovation and engineering, symbolizes precision, durability, and modernity in every product. Crafted using advanced European formulations, our lubricants provide unmatched engine protection and efficiency.

The vibrant new design represents our shared dedication to excellence and a future driven by performance.

DANILO: A new look, Quality reinvented for superior performance

MX SPORT ULTRA 4T

SYNTHETIC
TECHNOLOGY

5W-30

API SN

JASO MA2 2023

MX SPORT ULTRA 4T is a premium synthetic engine oil formulated with high quality base oils and superior additive package

- Excellent protection to Engine, Clutch and Gear for Ultra Power and Performance
- Non-stop protection to engine in all weather conditions
- Excellent fuel economy

900ML, 1L, 1.2L 50L, 210L

MX SPORT RACE 4T

SYNTHETIC
TECHNOLOGY

API SN

JASO MA2 2023

20W-40 | 10W-30
10W-40

MX SPORT RACE 4T is a premium synthetic engine oil formulated with high quality base oils and superior additive package

- Excellent protection to Engine, Clutch and Gear for Peak Performance
- Superior performance in High temperature conditions
